

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been supplying precision load placement since the year 1959. Whether the work involves transferring loads, positioning heavy steel or landing loads on scaffoldings, using a Lull telehandler will help make the job go easier and faster. These units are available with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull is able to provide eighty inches of boom travel for precision placement functionality. There are also various optional Lull accessories for their telehandlers in order to help do any task.
